BPP for the three months ended June 30, 2018 was \$10.82, a \$0.46 increase (4.4%) from the prior year period, and setting alltime quarterly record for Cineplex. The increase in BPP was due to price increases in selective markets as compared to the prior year.

Cineplex's BPP for the period increased \$0.36, or 3.5%, from \$10.15 in the prior year period to a record \$10.51 in the current period. This increase was due to price increases in selective markets as compared to the prior year period.

Second Quarter

comparative period.

Food service revenues are comprised primarily of concession revenues, which includes food service sales at theatre locations and food and beverage sales at *The Rec Room*. Food service revenues increased \$20.9 million or 20.6% in part as a result of the operations of *The Rec Room* which contributed \$8.3 million and an increase of \$14.6 million (14.6%) to \$114.0 million in theatre food service revenues, a second quarter record. The increase in theatre food service revenues was due to the 5.0% increase in attendance and the higher CPP.

CPP increased 9.3% to \$6.59, an all-time quarterly record for Cineplex. Expanded offerings outside of core food service products, including offerings at Cineplex's VIP Cinemas and Outtakes locations, increased alcohol beverage service and price increases have resulted in higher average transaction values, resulting in the higher CPP in the period. In addition, the CPP was positively impacted by the program change to offer SCENE points instead of the 10% discount in the fourth quarter of 2017.

Year to Date

Food service revenues increased \$23.9 million, or 11.1% as compared to the prior year, due to the 8.2% increase in CPP and \$17.0 million contributed by *The Rec Room* partially offset by the impact of a 2.8% decrease in attendance. The CPP of \$6.34 is the highest CPP Cineplex has reported through the first six months of any year.

While programs including the SCENE offers provided on food service purchases reduce individual CPP, Cineplex believes that this loyalty program drives incremental visits and food service purchases, resulting in higher overall food service revenues.

Media revenues

The following table highlights the movement in media revenues for the quarter and the year to date (in thousands of dollars):

Media revenues	Second Quarter						Year to Date				
		2018		2017	Change		2018		2017	Change	
Cinema media	\$	26,921	\$	23,964	12.3%	\$	48,253	\$	45,556	5.9%

Total media revenues	\$	40,791	\$	36,581	11.5%	\$	73,304	\$	70,493	4.0%	

Second Quarter

Total media revenues increased \$4.2 million (11.5%) to \$40.8 million in the second quarter of 2018 compared to the prior year period, representing a second quarter media revenue record for Cineplex. The increase was due to increased Show-time theatre advertising which resulted in a second quarter record of \$26.9 million for Cinema media and higher digital place-based media revenue as a result of increased project installation revenues.

During the quarter, digital place-based media added 308 new locations for a total of 13,461 locations (an increase of 2.3%).

Year to Date

Total media revenues increased \$2.8 million for the six months ended June 30, 2018 as compared to the prior year period. The increase resulted from the \$2.7 million increase in cinema media due to higher Show-time theatre advertising and a \$0.1 million increase in digital place-based media revenues due to higher project installation revenue.

Year to date, digital place-based media added 535 new locations (an increase of 4.1%).

Amusement Revenues

The following table highlights the movement in amusement revenues for the quarter and the year to date (in thousands of dollars):

Amusement revenues		Se	coı	nd Quarte	r	Year to Date

Total amusement revenues	\$	48,577	\$	45,700	6.3%	\$	98,482	\$	87,101	13.1%

(i) Cineplex receives a venue revenue share on games revenues earned at in-theatre game rooms and XSCAPE Entertainment Centres. Amusement - Cineplex exhibition reports the total of this venue revenue share which is consistent with the historical presentation of Cineplex's amusement revenues. Amusement - P1AG excluding Cineplex exhibition and *The Rec Room* reflects P1AG's gross amusement revenues, net of the venue revenue share paid to Cineplex reflected in Amusement - Cineplex exhibition above.

Second Quarter

Amusement revenues increased 6.3%, or \$2.9 million, to \$48.6 million in the second quarter of 2018 compared to the prior year period due to strong growth in revenue from the additional *The Rec Room* locations partially offset by a decrease in amusement gaming revenue from P1AG and Cineplex exhibition and due to the impact of foreign exchange rates on US sourced revenue in addition to a non-recurring item in the prior year.

Year to Date

For the year to date period, amusement revenues increased 13.1% or \$11.4 million, to \$98.5 million compared to the prior year period due to the acquisition of Dandy Amusements International Inc. ("Dandy") in the second quarter of 2017 and strong growth in revenue from the additional locations of *The Rec Room* compared to the prior year period.

Other revenues

The following table highlights the other revenues which includes revenues from the Cineplex Store, promotional activities, screenings, private parties, corporate events, breakage on gift card sales and revenues from management fees for the quarter and the year to date (in thousands of dollars):

(i) See Non-GAAP measures section of this news release.					-	

Second Quarter

Film cost varies primarily with box office revenues and can vary from quarter to quarter usually based on the relative strength of the titles exhibited during the period. This is due to film cost terms varying by title and distributor. Film cost percentage during the second quarter of 2018 was 54.7%, a 1.1% increase from the prior year period.

Year to Date

The year to date increase in film cost expense was due to a combination of the 0.4% increase in the film cost percentage and the higher box office revenues in the current period compared to the prior year period. The increase in film cost percentage is attributable to the top films in the current period having higher settlement rates compared to the prior year period.

Cost of food service

The following table highlights the movement in cost of food service and food service cost as a percentage of food service revenues ("concession cost percentage") for the quarter and the year to date (in thousands of dollars, except percentages and margins per patron):

Second Quarter

Cost of food service at the theatres varies primarily with theatre attendance as well as the quantity and mix of offerings sold. Cost of food service at *The Rec Room* varies primarily with the volume of guests who visit the location as well as the quantity and mix between food and beverage items sold.

The increase in the theatre cost of food service as compared to the prior year period was primarily due to the higher food service revenues in the second quarter of 2018, partially offset by a decrease in the theatre concession cost percentage from 22.7% in the prior year period to 20.0% in 2018.

The theatre concession margin per patron increased 13.1% from \$4.66 in the second quarter of 2017 to \$5.27 in the same period in 2018, reflecting the impact of the higher CPP during the period and the lower concession cost percentage.

The increase in *The Rec Room* cost of food service as compared to the prior year period was due to the higher food service revenues as a result of the increase in operating locations. The decrease of 3.8% in *The Rec Room* food cost percentage during the quarter compared to the prior period was due to improved cost management as new locations opened.

Year to Date

The decrease in the theatre cost of food service as compared to the prior year period was due to the decrease in the concession cost percentage partially offset by the higher theatre food service revenues. The theatre concession margin per patron increased from \$4.54 in the prior year period to \$5.05 in the current period, reflecting the impact of the higher CPP in the current period.

The increase in *The Rec Room* cost of food service as compared to the prior year period was due to the higher food service revenues as a result of the increase in operating locations. The decrease of 6.2% for the food cost percentage regarding *The Rec Room* was due to improved cost management with the rollout of new locations.

The increase was due to an increase in other charges (\$0.8 million) and the impact of new and acquired theatres (\$0.3 million) partially offset by a decrease in one-time items of \$1.0 million related to real estate taxes.

Second Quarter

Other operating expenses during the second quarter of 2018 increased \$4.2 million or 3.0% compared to the prior year period. The increase is primarily due to higher amusement and leisure costs related to *The Rec Room*. Same theatre payroll also increased as a result of higher business volumes during the quarter and the minimum wage increases in Ontario, Quebec and Alberta, which were partially offset by labor efficiencies achieved during the quarter. Reduction in certain line items reflect the initial rollout of the cost reduction program.

During the quarter, Cineplex recognized business interruption insurance proceeds of \$3.7 million, as a result of the fire at *Cineplex Seton and VIP*.

Year to Date

For the six months ended June 30, 2018, other operating expenses increased \$19.6 million or 7.2% compared to the prior year period. The increase is primarily due to higher amusement and leisure costs, including higher P1AG costs due to the acquisition

of Dandy in the second quarter of 2017, as well as costs related to *The Rec Room*. Same theatre payroll also increased as a result of the minimum wage increases in Ontario, Quebec and Alberta which more than offset any labor efficiencies achieved during the quarter.

During the quarter, Cineplex recognized business interruption insurance proceeds of \$3.7 million, as a result of the fire at *Cineplex Seton and VIP*.

General and administrative expenses

The following table highlights the movement in general and administrative ("G&A") expenses during the quarter and the year to date, including Share-based compensation costs, and G&A expenses net of these costs (in thousands of dollars):

(i) LTIP includes the expense for the LTIP program as well as the expense for the executive and Board deferred share unit plans.										

Second Quarter

G&A expenses decreased \$2.1 million during the second quarter of 2018 compared to the prior year period due to a \$3.6 million decrease in LTIP expense as a result of Cineplex's lower Share price at June 30, 2018, of \$29.18, compared to \$50.50 at March 31, 2017. Restructuring costs of \$2.8 million were due to Cineplex's recently implemented cost reduction initiative. This initiative is focused on achieving \$25.0 million in annualized cost savings, a component of which will be realized in G&A. Decreases in G&A in part reflect the initial impact of the rollout of the initiative.

Year to Date

G&A expenses for the year to date period decreased \$6.0 million compared to the prior year period primarily due to the decrease in LTIP expense as a result of Cineplex's lower Share price of \$29.18 at June 30, 2018 compared to \$51.22 at December 31, 2016. Restructuring costs of \$3.8 million were due to Cineplex's recently implemented cost reduction initiative.

EARNINGS BEFORE INTEREST, INCOME TAXES, DEPRECIATION AND AMORTIZATION ("EBITDA") (see Non-GAAP measures section of this news release)

The following table presents EBITDA and adjusted EBITDA for the three and six months ended June 30, 2018 as compared to the prior year periods (expressed in thousands of dollars, except adjusted EBITDA margin):

EBITDA	Second Quarter					Year to Date				
		2018		2017	Change	2018		2017	Change	
EBITDA	\$ 68,	177	\$	38,544	76.9%	\$ 123,067	\$ 99	,749	23.4%	
Adjusted EBITDA	\$ 67,	840	\$	38,055	78.3%	\$ 121,372	\$ 97	,504	24.5%	
Adjusted EBITDA margin	1	6.6%		10.5%	6.1%	15.2%		12.9%	2.3%	

Adjusted EBITDA, a second quarter record of \$68.2 million increased \$29.8 million, or 78.3%, as compared to the prior year period. The increase was a result of the higher attendance and record BPP and CPP amounts resulting in higher box office and food service revenues. The growth in results from expanded locations of *The Rec Room* and higher revenues from Cineplex Media and Cineplex Digital Media coupled with lower startup costs at *The Rec Room* also contributed to the second quarter record for adjusted EBITDA. Adjusted EBITDA margin, calculated as adjusted EBITDA divided by total revenues, was 16.6% in the current period.

Adjusted EBITDA for the six months ended June 30, 2018 increased \$23.9 million, or 24.5%, as compared to the prior year period. The increase was due to higher revenues in all reportable segments compared to the prior year. Adjusted EBITDA margin for the period was 15.2%, a increase of 2.3% from 12.9% in the prior year period.

ADJUSTED FREE CASH FLOW (see Non-GAAP measures section of this news release)

For the second quarter of 2018, adjusted free cash flow per common share of Cineplex was \$0.69 as compared to \$0.28 in the prior year period. The declared dividends per common share of Cineplex were \$0.43 in the second quarter of 2018 and \$0.42 in the prior year period. During the 12 months ended June 30, 2018, Cineplex generated adjusted free cash flow per Share of \$2.71, compared to \$2.33 in the prior 12 month period. Cineplex declared dividends per Share of \$1.69 and \$1.63, respectively, in each 12 month period. The payout ratios for these periods were 62.5% and 70.1%, respectively.

NON-GAAP FINANCIAL MEASURES

EBITDA and Adjusted Free Cash Flow

EBITDA and adjusted free cash flow are not measures recognized by GAAP and do not have standardized meanings in accordance with such principles. Therefore, EBITDA and adjusted free cash flow may not be comparable to similar measures presented by other issuers. Management uses adjusted EBITDA and adjusted free cash flow to evaluate performance primarily because of the significant effect certain unusual or non-recurring charges and other items have on EBITDA from period to period.

EBITDA is calculated by adding back to net income, income tax expense, depreciation and amortization expense, and interest income. Adjusted EBITDA excludes the change in fair value of financial instrument, gain or loss on disposal of assets, foreign exchange gain or loss, the equity income of CDCP, the non-controlling interests' share of adjusted EBITDA of WorldGaming, and depreciation, amortization, interest and taxes of Cineplex's other joint ventures. Adjusted EBITDA margin is calculated by dividing adjusted EBITDA by total revenues.

Adjusted free cash flow is a non-GAAP measure generally used by Canadian corporations, as an indicator of financial performance and it should not be seen as a measure of liquidity or a substitute for comparable metrics prepared in accordance with GAAP.

For a detailed reconciliation of net income to EBITDA and adjusted EBITDA and from cash provided by operating activities to adjusted free cash flow, please refer to Cineplex's management's discussion and analysis filed on www.sedar.com.

Earnings per Share Metrics

Cineplex has presented basic and diluted earnings per share net of this item to provide a more comparable earnings per share metric between the current periods and prior year periods. In the non-GAAP measure, earnings is defined as net income excluding the change in fair value of financial instrument.

Per Patron Revenue Metrics

Cineplex reviews per patron metrics as they relate to box office revenue and theatre food service revenue such as BPP, CPP, BPP excluding premium priced product, and concession margin per patron, as these are key measures used by investors to value and assess Cineplex's performance, and are widely used in the theatre exhibition industry. Management of Cineplex defines these metrics as follows:

Attendance: Attendance is calculated as the total number of paying patrons that frequent Cineplex's theatres during the period.

BPP: Calculated as total box office revenues divided by total paid attendance for the period.

BPP excluding premium priced product: Calculated as total box office revenues for the period, less box office revenues from 3D, 4DX, UltraAVX, VIP and IMAX product; divided by total paid attendance for the period, less paid attendance for 3D, 4DX, UltraAVX, VIP and IMAX product.

CPP: Calculated as total theatre food service revenues divided by total paid attendance for the period.

Premium priced product: Defined as 3D, 4DX, UltraAVX, IMAX and VIP film product.

Theatre concession margin per patron: Calculated as total theatre food service revenues less total theatre food service cost, divided by attendance for the period.

Same Theatre Analysis

Cineplex reviews and reports same theatre metrics relating to box office revenues, theatre food service revenues, theatre rent expense and theatre payroll expense, as these measures are widely used in the theatre exhibition industry as well as other retail industries.

Same theatre metrics are calculated by removing the results for all theatres that have been opened, acquired, closed or otherwise disposed of subsequent to the start of the prior year comparative period. For the three months ended June 30, 2018 the impact of the one location that has been opened or acquired and one location that has been excluded, resulting in 163 theatres being included in the same theatre metrics. For the six months ended June 30, 2018 the impact of the one location that has been opened or acquired and two locations that have been closed have been excluded, resulting in 163 theatres being included in the same theatre metrics.

Cost of sales percentages

Cineplex reviews and reports cost of sales percentages for its two largest revenue sources, box office revenues and food service revenues as these measures are widely used in the theatre exhibition industry. These measures are reported as film cost percentage and concession cost percentage, respectively, and are calculated as follows:

Film cost percentage: Calculated as total film cost expense divided by total box office revenues for the period.

Theatre concession cost percentage: Calculated as total theatre food service costs divided by total theatre food service revenues for the period.

The Rec Room food cost percentage: Calculated as total *The Rec Room* food costs divided by total *The Rec Room* food service revenues for the period.
